**MEDIA TIP SHEET - EXTREME CONSTRUCTION BEGINS
DAY 4: *EXTREME MAKEOVER: HOME EDITION* - MONTGOMERY**

Montgomery, AL (February 19, 2009) - Construction began today on the Jordan family's new home. In what is often referred to as the "Superbowl of Homebuilding," Aronov Homes and its entire team of subcontractors and volunteers will join forces with the *Extreme Makeover: Home Edition* team to race against the clock to frame the home in only hours. This is one of the most exciting days of construction as the house will literally go up before your eyes. Today's construction highlights will include ceiling and roof work, rough electrical and plumbing and wall insulation.

Today will make the first day spectators are invited to come and watch this extraordinary build take place. Spectators can support the entire team by making signs and bringing out their entire family. Country music recording star Jimmy Wayne will also be on-site helping frame the house. Come out and watch the action and don't miss out on the opportunity to watch this "Extreme" team in action! Continuous shuttles will run daily from 8 a.m. – 8 p.m. Spectators cannot access the build site on foot and are asked to bring a can of food as their admission ticket to the site. Canned goods will be donated to the Montgomery Area Food Bank. Additional spectator information is available online at www.aronovhomes.com.

Location:

The location of the Jordan family home is 5336 Ira Lane, Montgomery, AL 36108.

*Extreme Construction Begins – Page 3***Interviews:**

Interviews with the builders, designers and project managers are an excellent way to supplement stories with visuals and human interest angles. Interviews can be scheduled through the duration of the project. All interviews must be scheduled through the media contacts (listed above). The PR team will do their best to schedule interviews with who you need, when you need them but please keep in mind that this is a busy construction site and everyone involved is in a race-against time to complete the build; your patience and understating is appreciated! Attempts to interview on-site without permission will result in loss of access to the site.

Live Shots/Satellite Trucks:

Please note that space will be limited at the construction site. The ability to do live shots will depend on space available. We will do our best to accommodate but please keep in mind this is a closed construction site.

Updated information will be available daily on www.aronovhomes.com. We look forward to working with you. Please do not hesitate to call us with any questions or concerns you may have.
